Current Theme

Save Current Theme as (use only letters and numbers)

Tip: use 'Ctrl + Shift + R'(Windows) or 'Cmd + Shift + R'(Mac) to see picked theme in Google Chrome browser (Refresh the page ignoring cached content)

Update

You can view the page online at <http://yourdomainhere.com/directoryhere> whereas

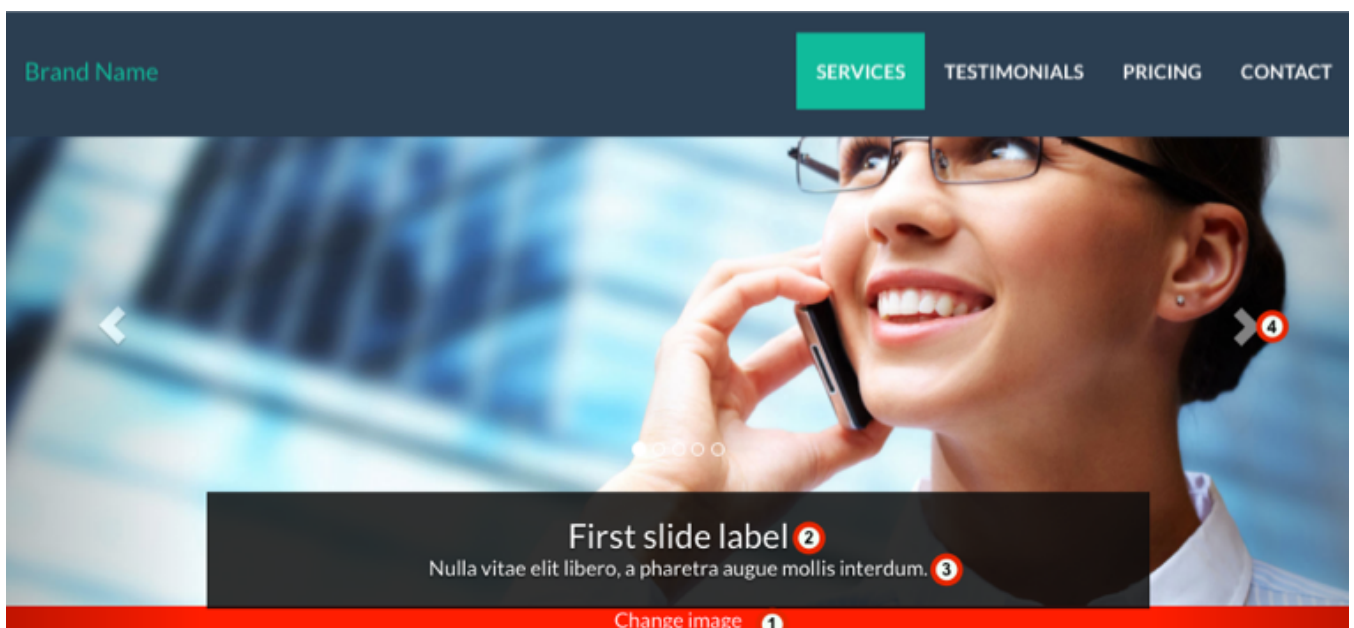

- **yourdomainhere.com** is your domain name
- **directoryhere** is the directory where you uploaded the files of the Turbo Instant Niche Templates

If you change a theme, the cache may not display the changes, so follow the instructions as displayed to reload the page. A simple "reload" may not be enough. Use your keyboard as instructed to reload the page and you will see the changes after you will have updated the configuration.

9 Click on Editor

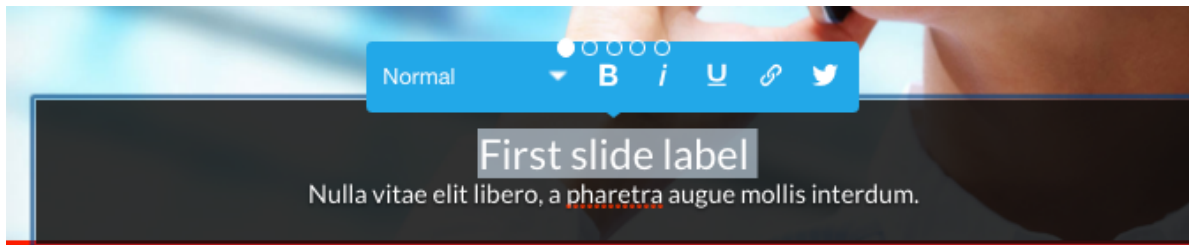

Configuration **Editor** Admin's Profile Instructions Logout

10 Edit the first slide

Click to Change the background image (1) then select a photo from your computer. Be sure the dimensions are 1924 width and 854 height. Click to change the title of the slide (2) and the text underneath (3) and then click on the right arrow (4) to proceed with the next slide.

11 Notice the text styles

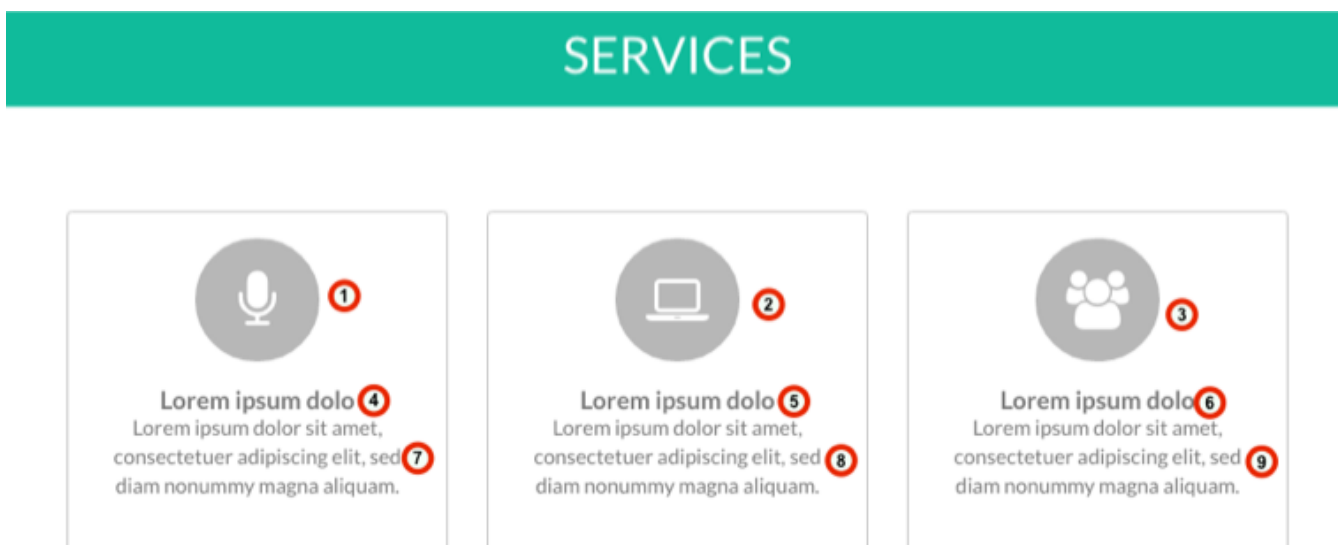

Once you select to change the title or the text underneath you can choose the style and also link the text to a URL.

12 Edit the rest of the slides

Follow the same instructions as mentioned above to edit the rest of the slides.

13 Services section - icons

You can change the icons of the Services' section (1) (2) (3), the titles (4) (5) (6) and the text (7) (8) (9)

Click on any of the icons and new window will open.
